## Vertiface®

Vertiface® is a decorative wall covering and screen fabric made from durable non-woven 100% polyester. This top-quality wall fabric allows designers to create warm, inviting spaces that can still stand up to the rigorous wear of education and commercial use. Vertiface is available as a fine, soft velour or classic textured rib, in an extensive range of 40 colours.

Product	Width	Max roll length	Minimum Order
Vertiface®	1.300m	25.000m	2 Lm

- Standard orders are supplied and invoiced in whole lineal metres.

## Composition®

Composition® is a durable 100% polyester acoustic wall lining that is both decorative and highly effective in reducing reverberated noise. It is composed of a non-woven polyester fabric upper, heat-bonded to a 100% polyester backing. Composition® allows a designer to create attractive, quieter interiors for offices, meeting rooms, theatres, libraries, classrooms and other open spaces.

Product	Thickness (+2mm)	Width (+5mm)	Max roll length	Minimum Order
Composition®	10mm	1.220m	25.000m	5 Lm

- Standard orders are supplied and invoiced in whole lineal metres.

## Peel 'n' Stick Tiles

A self adhesive tile made from 100% polyester fibre, they are safe, nontoxic, recyclable, environmentally friendly and highly resistant to fading. Offering exceptional acoustic properties their applications are unlimited. Being resistant to stains and moisture means they will not rot or breakdown offering years of good looks and service.

Product	Height	Width	Tiles per pack	Minimum Order
Peel 'n' Stick Tiles	0.600m	0.600m	6	1 Pk
Peel 'n' Stick Tiles Bulk Packs	0.600m	0.600m	38	1 Pk

- Peel 'n' Stick Tiles packs are strictly 1 colour per pack.

## Symphony™

Symphony™ is a durable 100% polyester acoustic wall lining that is both decorative and highly effective in reducing reverberated noise. It is composed of a soft non-woven polyester fabric upper, heat-bonded to a polyester backing. Symphony™ allows a designer to create attractive, quieter interiors for offices, meeting rooms, theatres, libraries, clubs and other open spaces.

Product	Width (+5mm)	Max roll length	Thickness (+2mm)	Minimum Order
Symphony™ Acoustic Fabric rolls	1.220m	25.000m	10mm	5 Lm

- Standard orders are supplied and invoiced in whole lineal metres.

## Quietspace® Panel

Quietspace® Panel is an innovative high performance pre-finished acoustic panel product that delivers exceptional reverberated noise control. Made from high-density 100% polyester.

Product	Length (+10mm)	Width (+5mm)	Panels per box	Minimum Order
25mm Nude White	2.400m	1.200m	6	6 Pnl
25mm Nude Black/ Grey	2.400m	1.200m	6	6 Pnl
25mm White with Vertiface facing	2.400m	1.200m	6	6 Pnl
25mm Black/ Grey with Vertiface facing	2.400m	1.200m	6	6 Pnl
50mm Nude White	2.400m	1.200m	3	3 Pnl
50mm Nude Black/ Grey	2.400m	1.200m	3	3 Pnl
50mm White with Vertiface facing	2.400m	1.200m	3	3 Pnl
50mm Black/ Grey with Vertiface facing	2.400m	1.200m	3	3 Pnl
75mm Nude White	2.400m	1.200m	2	6 Pnl
75mm Nude Black/ Grey	2.400m	1.200m	2	6 Pnl
75mm White with Vertiface facing	2.400m	1.200m	2	6 Pnl
75mm Black/ Grey with Vertiface facing	2.400m	1.200m	2	6 Pnl
100mm Nude White	2.400m	1.200m	1	6 Pnl
100mm Nude Black/Grey	2.400m	1.200m	1	6 Pnl
100mm White with Vertiface facing	2.400m	1.200m	1	6 Pnl
100mm Black/ Grey with Vertiface facing	2.400m	1.200m	1	6 Pnl

- Fabric wrapping service available P.O.A.
- Custom cutting service available P.O.A.
- Less than full box quantities \$50.00 per order (Repackaging fee)

- All panels are available in custom lengths, a 24 Lineal Metres MOQ applies with a 15% surcharge for quantities below this. Please see the terms and conditions section or you Autex account manager for more details.

## Cube™

Cube™ is a lightweight semi-rigid panel made with solid colour throughout, offering design flexibility without the need for edging or capping. Cube™ will help increase privacy in open offices, reduce reverberated sound, and assist in controlling background chatter noise.

Cube™ is a high-density material manufactured from 100% polyester fibres. Cube™ is completely safe, nontoxic, non-allergenic and non-irritant and ideally suited for office cube screen manufacture, partition dividers or as a pre-finished acoustic panel.

Product	Length (+10mm)	Width (+5mm)	Sheets per box	Minimum Order
6mm Cube Panels	2.440m	1.220m	12	12 Pnl
12mm Cube Panels	2.440m	1.220m	6	6 Pnl
12mm Cube Panels (Select Colours only)	2.740m	1.220m	6	6 Pnl
24mm Cube Panels	2.440m	1.220m	3	3 Pnl
6mm Custom Length Cube Panel		1.220m		24 LM
12mm Custom Length Cube Panel		1.220m		24 LM
24mm Custom Length Cube Panel		1.220m		24 LM

### Standard Cube Panels

- Products are supplied by the box
- Repackaging fee of \$50 applies for broken boxes
- 12mm Cube Panels (2.74m x 1.22m) are only available in the following stocked colours – Flatiron, Savoye, Empire, Opera, Petronas, Pavilion. For all other colours standard MOQ requirements apply.

### Custom Length Cube Panels

- Minimum panel length is 1.2m and maximum length is 3.6m
- All panels are available in custom lengths, a 24 lineal metre MOQ applies.
- For bulk quantities (orders over 120LM) project pricing applies. This rate is calculated as pro rata based on standard panel costs.

## Workstation™

Workstation is a pre-finished acoustic screen product made from high-density 100% polyester, designed for use in office workstation manufacture. It comes as a lightweight semi-rigid panel ready for use, allowing greater flexibility of design and ease of manufacture. Available in two thicknesses, 6 mm and 12 mm, Workstation has a pin-receptive surface that enables it to double as a notice board.

Product	Length (+10mm)	Width (+5mm)	Sheets per box	Minimum Order
6mm Single Sided Workstation	2.400m	1.200m	12	6 Pnl
12mm Single Sided Workstation	2.400m	1.200m	6	6 Pnl
12mm Double Sided Workstation	2.400m	1.200m	6	6 Pnl

- Products are supplied by the box.
- All panels are available in custom lengths, a 24 Lineal Metres MOQ applies with a 15% surcharge for quantities below this. Please see the terms and conditions section or you Autex account manager for more details.

## Etch™

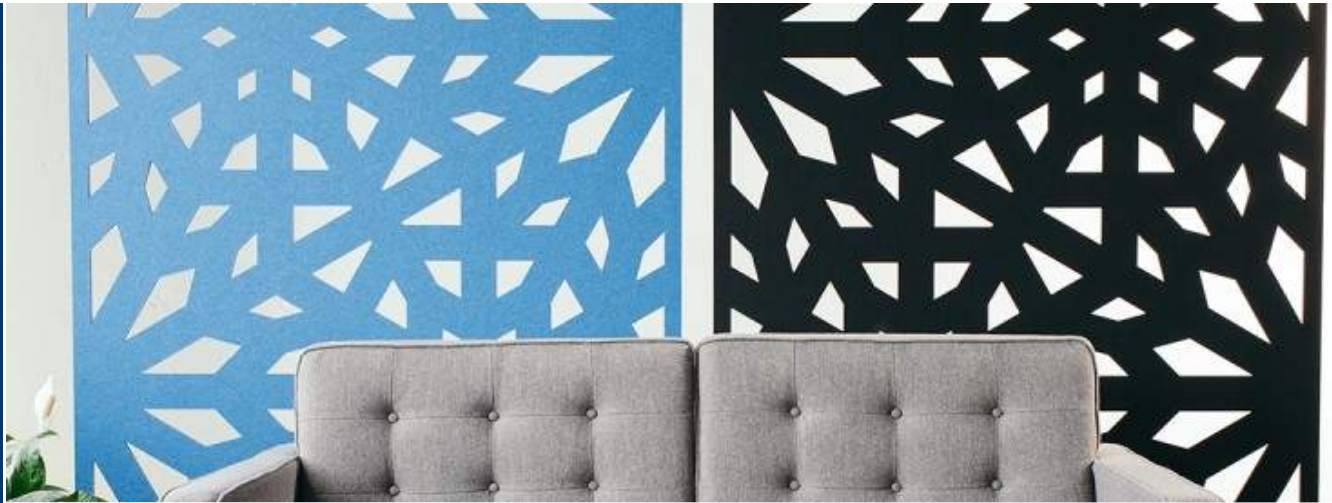

Etch is a visual layer of expression, a wall of fabric combining design, colour and texture. Available in a palette of 30 colours, choose from 15 standard patterns or Etch your own custom design.

Etch is suited for overlaying directly to your chosen surface or choose to incorporate one of Autex' s acoustic backing options to provide a selectable range of acoustic absorption.

Etch is a decorative, functional and durable interior finish suitable for commercial offices, theatres, libraries, retail, hospitality and education interiors.

Product	Thickness (+1mm)	Max roll length	Width (+5mm)	Minimum Order
Etch	3mm	25.000m	1.300m	6 Lm
Etch custom design fee				1 Design

- All Etch orders must meet the MOQ (Per colour & per Pattern).
- Standard Patterns - please allow a lead time of up to 6 weeks.
- Custom Etch Pattern – lead time is 6-8 weeks excluding the custom design process.
- Where supply lead times are critical, Autex can offer a priority service at an additional cost. Pricing supplied on request.

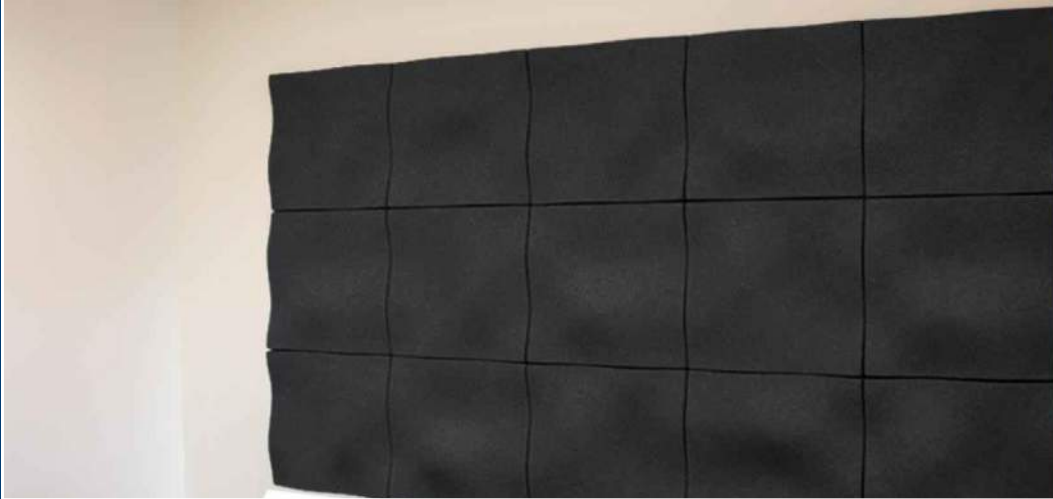

## Cascade™

Cascade™ Hanging Screens are created using Cube™ ; a lightweight semi-rigid panel with water-cut patterns allowing line of sight to remain, but with a visual sense of division.

Our latest system transforms our sustainable, low VOC Cube™ sheets into beautiful suspended acoustic screens available in three different styles; Static, Folding and Expanding, all with their own set of pattern to choose from.

Product	Length (+10mm)	Width (+5mm)	Units per box	Minimum Order
Cascade- Folding Designs	2.400m	1.200m	1	1 Pack
Cascade- Static Designs	2.400m	1.200m	1	1 Pack
Cascade- Expanding Designs	2.400m	1.200m	2	1 Pack
Extra Hanging/Fixing kits			1	1 Pack

- Please refer to website for designs.
- Please note that extrusions will add 5-10 mm to the overall length of the screen.
- When you order Cascade™ (unless additional pieces are ordered) you will receive 1 standard suspension kit which supports top suspension.

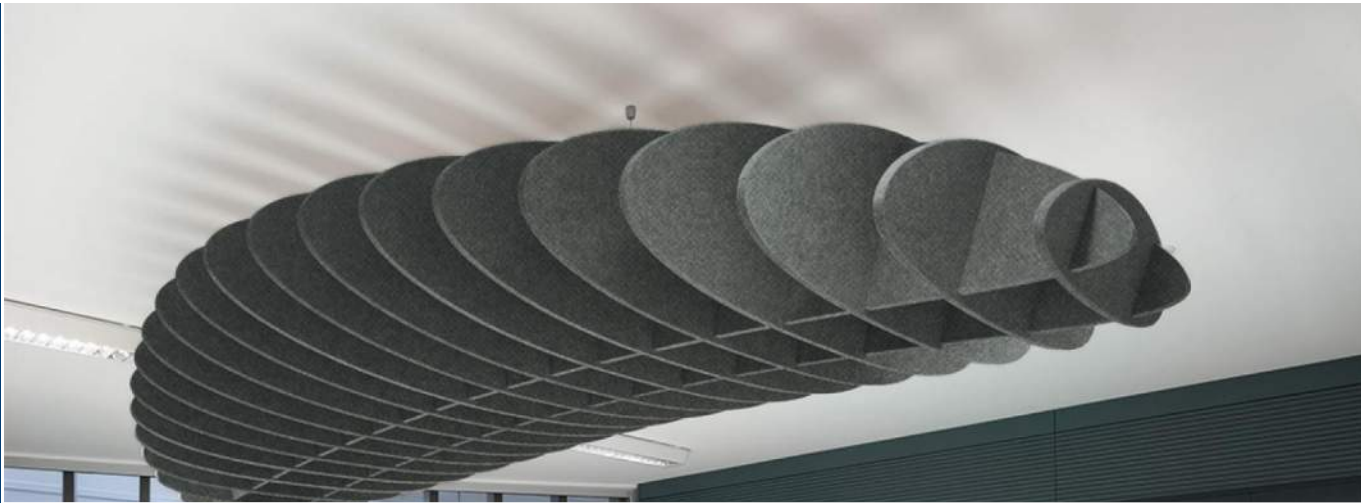

## Quietspace® 3D Tiles

Quietspace 3D Tiles are a vibrant and visually appealing three dimensional tile that maintains acoustic balance. Lightweight and semirigid; Quietspace 3D Tiles provide an alternative to traditional acoustic panels or ceiling tiles that will enrich your environment whilst reflecting a unique personality with an unparalleled aesthetic.

Product	Tiles per box	Height	Width	Minimum Order
3D Wall Tiles - Series 5 - Design 5.26	6	0.575m	0.575m	1 Pk
3D Wall Tiles - Series 5 - Design 5.34	6	0.575m	0.575m	1 Pk
3D Wall Tiles - Series 5 - Design 5.37	6	0.575m	0.575m	1 Pk
3D Wall Tiles - Series 5 - Design 5.46	6	0.498m	0.575m	1 Pk
3D Wall Tiles - Series 5 - Design 5.50	12	0.287m	0.575m	1 Pk
3D Wall Tiles - Series 5 - Design 5.53	6	0.575m	0.575m	1 Pk
3D Ceiling Tiles - Series 5- Design 5.26	8	0.595m	0.595m	1 Pk
3D Ceiling Tiles - Series 5- Design 5.34	8	0.595m	0.595m	1 Pk
3D Ceiling Tiles - Series 5- Design 5.37	8	0.595m	0.595m	1 Pk
3D Ceiling Tiles - Series 5- Design 5.53	8	0.595m	0.595m	1 Pk

- Please refer to website for designs.
- 3D Tiles have a minimum order quantity of 1 pack per style, per colour.
- Bespoke tile solutions are available please discuss your requirements with your account manager and we will supply a quote to meet your needs.

## Quietspace® Lattice

Quietspace® Lattice is a premium range of suspended acoustic absorbing baffles constructed from Autex Cube. Artistically designed with functionality in mind; Lattice is a premium solution for reducing reverberated noise and controlling the echo of background chatter.

Product	Units per pack	Minimum Order
Lattice Trapezium	1	1 Pk
Lattice Eclipse	1	1 Pk
Lattice Torus	2	1 Pk

- Please refer to website for designs.

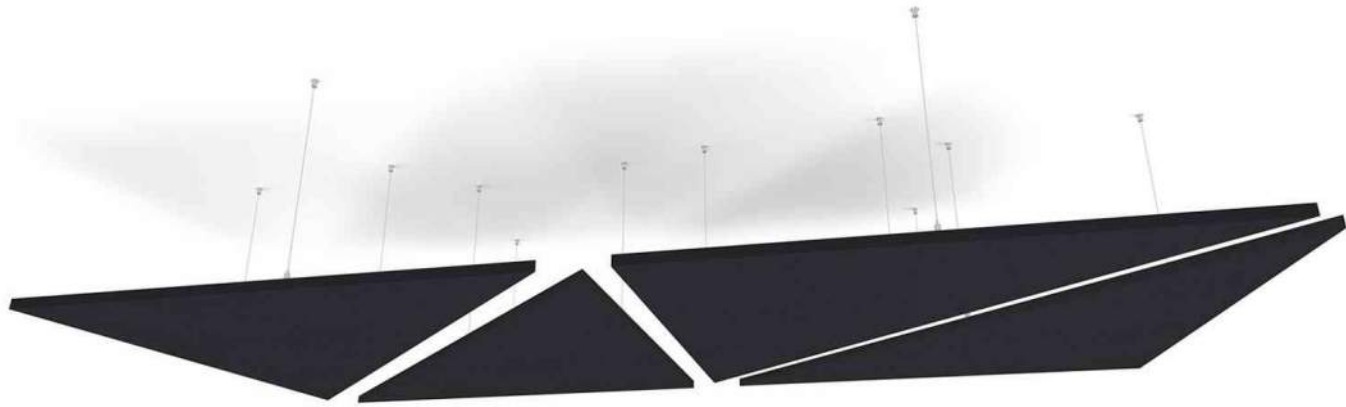

## Quietspace® Frontier™ Fins

Remarkable and revolutionary; Quietspace® Frontier™ is a complete modular acoustic ceiling system for targeted sound absorption. An ideal application for open-plan settings, Quietspace Frontier creates a unique feature that enhances spaces visually and acoustically. Adjustable prior to and post installation; Quietspace Frontier can be suspended or direct fixed with its patented aluminium channels and connector clips, allowing for complete creative and acoustic flexibility. Made from Autex Cube™ in a range of vibrant colours, Quietspace Frontier is available in four modular designs that can be mixed and matched to create unique forms and patterns.

Product	# of Fins	Fin Length	Minimum Order
Frontier™ Tundra 12mm Standard Kit	8	2.400m	1 Pk
Frontier™ Dune 12mm Standard Kit	8	2.400m	1 Pk
Frontier™ Sierra 12mm Standard Kit	8	2.400m	1 Pk
Frontier™ Talus 12mm Standard Kit	8	2.400m	1 Pk
Frontier™ Axis12mm Standard Kit	16	2.400m	1 Pk
Frontier™ Tundra 24mm Standard Kit	4	2.400m	1 Pk
Frontier™ Dune 24mm Standard Kit	4	2.400m	1 Pk
Frontier™ Sierra 24mm Standard Kit	4	2.400m	1 Pk
Frontier™ Talus 24mm Standard Kit	4	2.400m	1 Pk

- Please refer to website for designs.
- The depth of Dune/Sierra/Talus fins vary but average out to 300mm.
- Bespoke Frontier solutions are available please discuss your requirements with your account manager and we will supply a quote to meet your needs.

## Horizon

Horizon™ allows shapes to appear floating from ceilings and walls while increasing acoustic performance. With five geometric shapes, slick finished edges and clean hidden fixings, Horizon allows an easy yet good looking feature for hospitality spaces, open plan offices, meeting rooms, education facilities and lobbies. Utilising our sophisticated channels, clips and suspension wires, Horizon can be installed on ceilings and walls without the need for clear space, as minimal contact is made between the panel and the surface area; providing a floating aesthetic.

For ceilings, Horizon's adjustable system allows you to set the suspension height with ease giving you the ability to target multiple frequency levels within the chosen space. Horizon can also be clipped to walls as a demountable acoustic panel without the need for adhesives. Horizon; pushing the boundaries of acoustic design.

Product	Panels per box	length	Width	Minimum Order
Horizon Circle	2	1.200m	1.200m	1 Pk
Horizon Hexagon	2	1.200m	1.100m	1 Pk
Horizon Rectangle	1	2.400m	1.200m	1 Pk
Horizon Square	2	1.200m	1.200m	1 Pk
Horizon Triangle	4	1.200m	1.200m	1 Pk

- Please refer to website for designs.
- Bespoke Horizon solutions are available please discuss your requirements with your account manager and we will supply a quote to meet your needs.

## Quietspace® Accent Ceiling Tile

Make a defining statement with Quietspace® Accent Tiles, your creative approach to dynamic suspended ceilings that control reverberated sound whilst adding life to your office, school or commercial interior. Developed with two functional sides for creative flexibility; Quietspace® Accent Tiles have the added benefit of a smooth, classic white face combined with one of the exciting range of Autex Cube™ colours. Gain creative control over your ceiling space with the ability to mix-and-match colours to complement your environment.

Product	Tiles per pack	Length	Width	Minimum Order
Quietspace® Accent Ceiling Tile	8	1.195m	0.595m	1 Pk

## Cove™

Create your own space with Autex Cove™ ; a personal slide-on acoustic divider for a quiet and sheltered desk space. Available in three unique styles; Cove is a simple acoustic solution for privacy in open plan settings. Turn open collaborative desk spaces into intimate, personal workstations with the effortless slide-on/slide-off capability of Cove. Allowing for an infinite number of configurations; Autex Cove can be adjusted and moved to suit the dynamic requirements of a fast paced modern workspace.

Product	Per pack	Length	Width	Minimum Order
Cove Classic	6.000	0.799m	0.538m	1 Pk
Cove Bevel	6.000	0.794m	0.535m	1 Pk
Cove Arc	6.000	0.799m	0.538m	1 Pk

- Please refer to website for designs.

## Quietspace® Frontier™ Raft

Raft brings an innovative, bold new dimension to our Frontier range. Available in four unique designs including Blade, Beam100, Beam250, and Trapezoid and 17 colours. Raft is scored, folded and 'zipped' together using a locking channel. Arrange and space Raft in countless configurations, without loss of acoustic performance.

Product	#Rafts per pack	Fin Length	Minimum Order
Frontier™ Raft Beam 100	16	1.200m	1 Pk
Frontier™ Raft Beam 100	8	2.400m	1 Pk
Frontier™ Raft Beam 250	8	1.200m	1 Pk
Frontier™ Raft Beam 250	4	2.400m	1 Pk
Frontier™ Raft Blade	8	1.200m	1 Pk
Frontier™ Raft Blade	4	2.400m	1 Pk
Frontier™ Raft Trapezoid	8	1.200m	1 Pk
Frontier™ Raft Trapezoid	4	2.400m	1 Pk

- Please refer to website for designs.
- Manufactured in 12mm cube only.
- Frontier Raft should be ordered at required lengths, as it cannot be shortened on site.
- Bespoke Raft solutions are available please discuss your requirements with your account manager and we will supply a quote to meet your needs.
