OUR THREE CORE PRINCIPLES

Creativity

Functionality

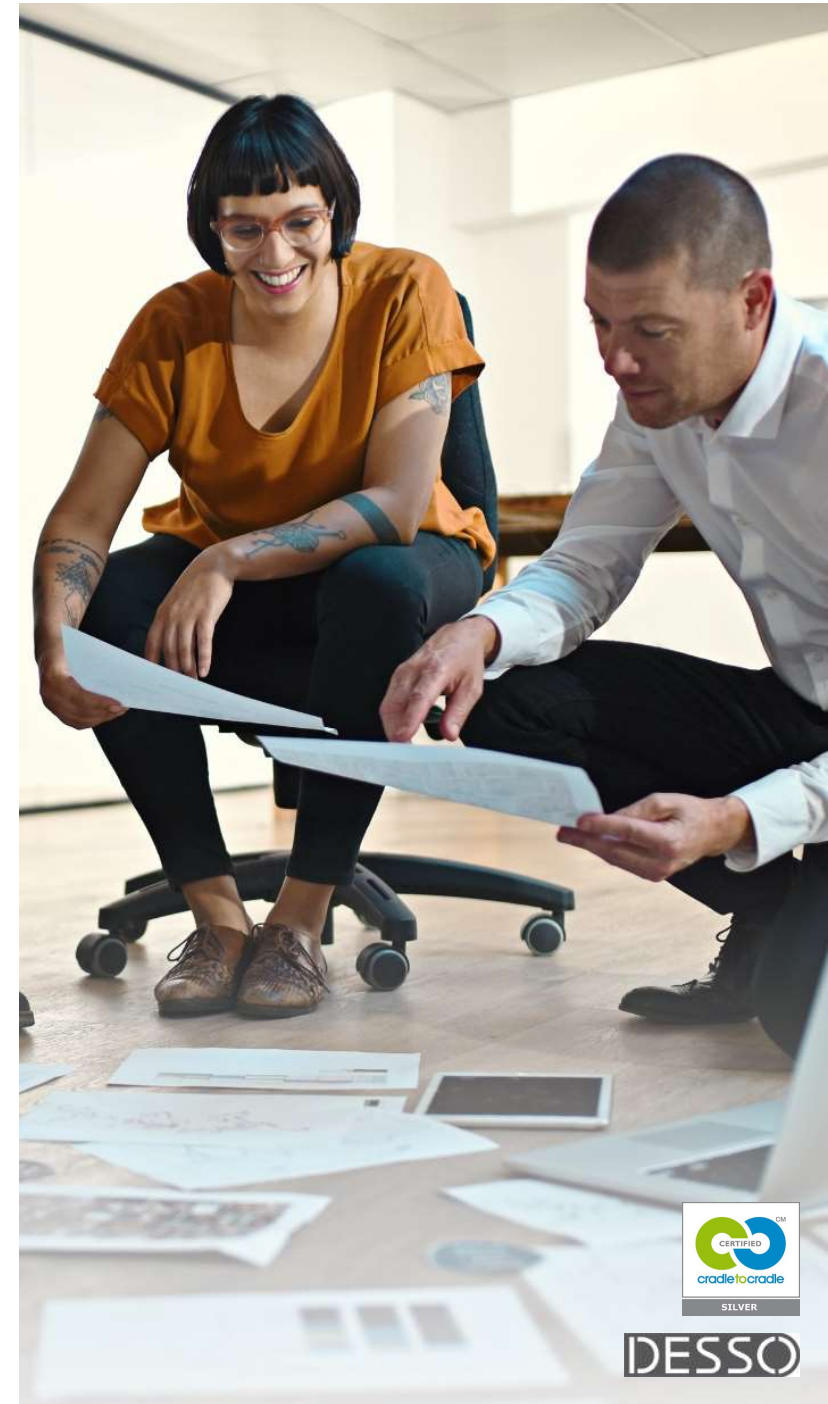

Cradle to Cradle

CREATIVITY

Collaborating with Architects and Designers across the globe to develop product innovations that not only deliver on aesthetics, but also create healthier indoor spaces

- Circle of architects
- AirMaster for indoor air quality
- Winning designs across the globe

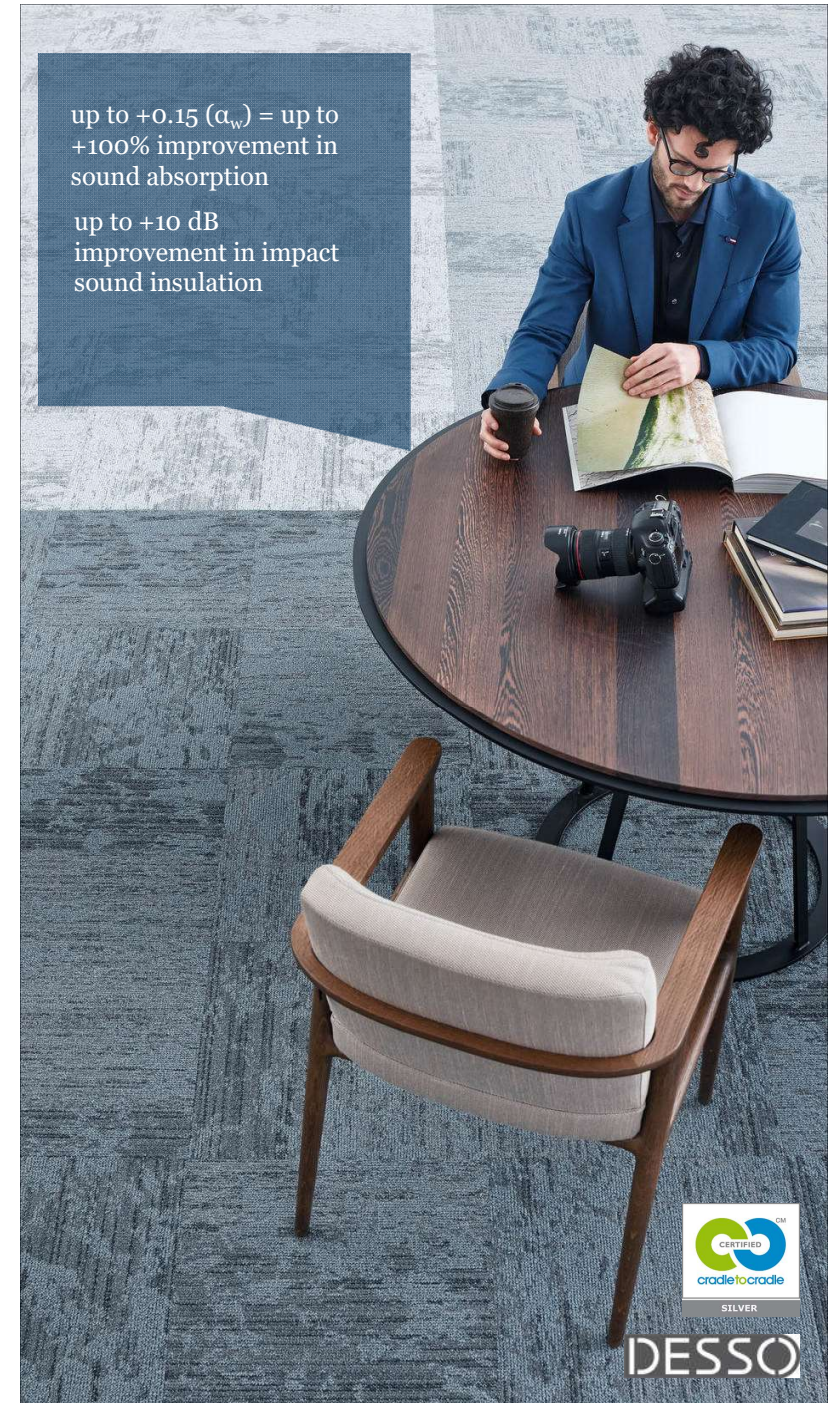

FUNCTIONALITY

Products that not only look good but deliver on performance & functionality is our commitment:

SoundMaster Acoustic Solution:

- Improved Sound Transmission and Sound Absorption
- Delivers underfoot Comfort and Thermal properties

up to +0.15 (α_w) = up to +100% improvement in sound absorption

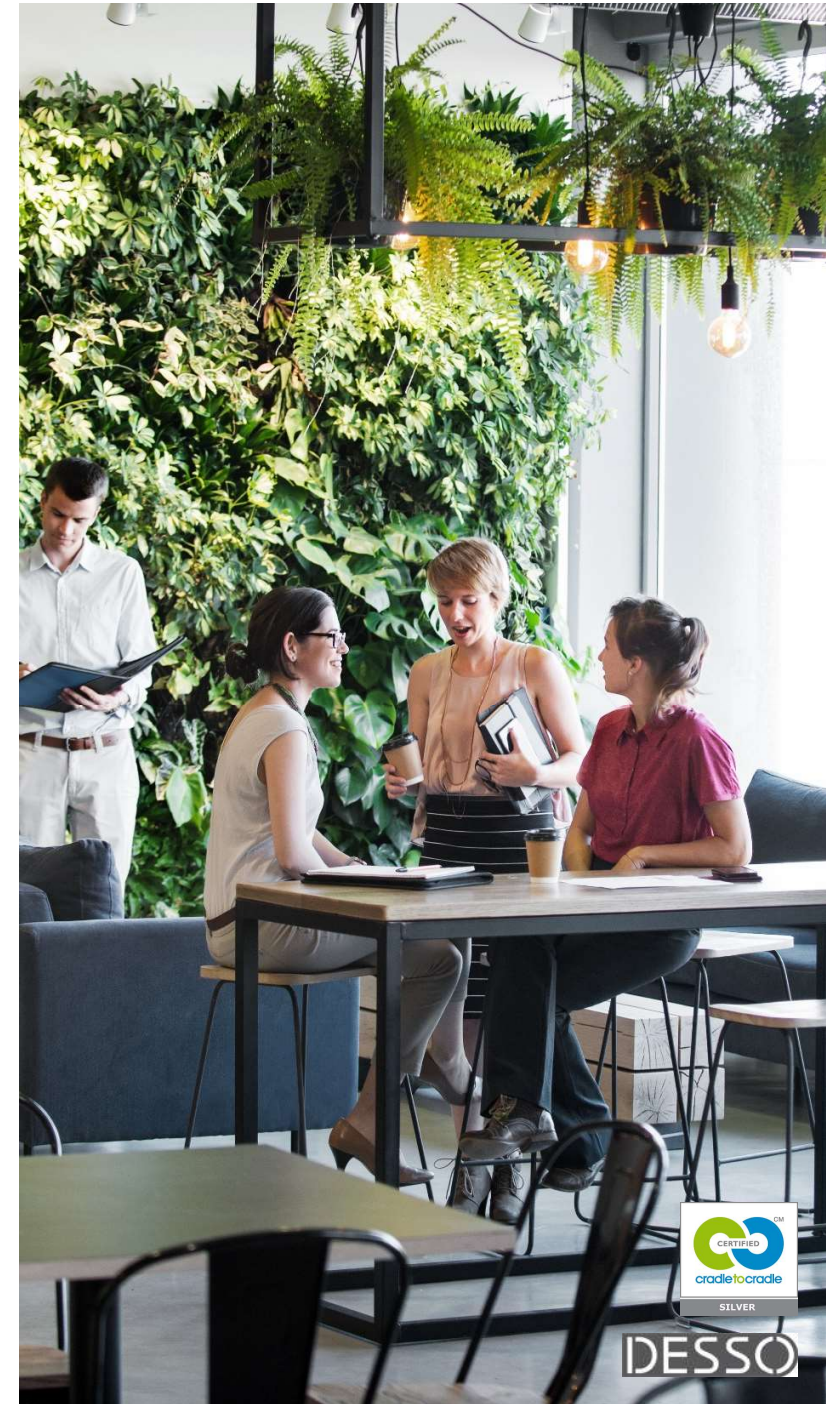

up to +10 dB improvement in impact sound insulation

FUNCTIONALITY

Products that not only look good but deliver on performance & functionality is our commitment:

- Ecobase Backing – 100% recyclable
- AirMaster for healthier spaces
- Reportable LRV

CRADLE TO CRADLE

Cradle to Cradle® is a design concept inspired by nature, in which products are created according to the principles of an ideal circular economy. ... Cradle to Cradle® follows the Triple Top Line as its basic approach, and its implementation creates equal economic, social and ecological benefits.

- Closed loop cycle in the Technical cycle or the Biological cycle
- Third party audited

A BACKING THAT IS 100% RECYCLEABLE

- **DESSO** EcoBase backing* is 100% recyclable in Tarkett's own production process contributing to a circular economy.
- **DESSO** EcoBase backing* contains at least 75 m% recycled material coming from the drinking water production.

* Applicable for EcoBase only and not in combination with other backings.

100% ECONYL®

- Our products are made utilising Econyl Yarn
- A regenerated nylon yarn, made from recovered waste materials such as discarded fishing nets and recycled carpet yarn
- As part of our ongoing sustainability commitment Desso is also part of the Healthy Seas initiative in partnership with Aquafil, ECNC Group & Star Sock.
